Clinical Approaches to ALS and Parkinson's

in Palliative Care

Vancouver

November 20, 2026

About the Event

Palliative Horizons: Refresher & Update is a one-day educational program focused on clinical approaches in palliative care for ALS and Parkinson's. The program features expert-led sessions, case-based discussions, and networking opportunities. It will also include an interactive exhibit of the latest assistive technology that allows patients to live more fully.

Audience

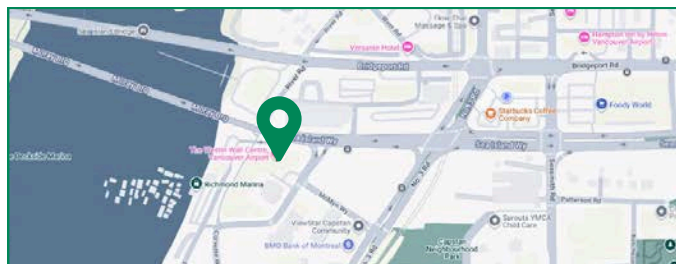

The primary audience is palliative medicine specialists and other physicians interested in neuropalliative care. Other clinicians, such as nurse practitioners, physician assistants, nurses and allied health professionals are welcome to attend.

Location

November 20, 2026

Westin Wall Centre Vancouver Airport
3099 Corvette Way, Richmond, BC
